The Dr. Michael Hutchins Impact on Wildlife Fund
12804 Brandon Green Ct
Silver Springs, MD 20904

Dear Song,

Thank you very much for the *Dr. Michael Hutchins Impact on Wildlife Fund's* gift of \$25,000 to American Bird Conservancy's (ABC) *Bird-Smart Wind Energy Program*. We are grateful to have earned your support. As required by the IRS, ABC verifies it is a 501(c) (3) organization and no goods or services were exchanged in return for this gift.

In spite of the challenges posed by the global pandemic, ABC and our partners continue to achieve notable gains for bird conservation throughout the Western Hemisphere – including protecting birds from poorly sited wind turbines. As you know, with the increase in wind power development, ABC's role as the advocate for Bird-Smart Wind Energy becomes even more important to protect iconic species such as Golden Eagles, Whooping Cranes, and Roseate Terns. None of this would be possible without the generous support of friends and fellow conservationists like you.

Thank you again for your generous support for ABC and for bird conservation. I hope you are having a wonderful holiday season.

Sincerely,

Michael J. Parr
President
