Ms. Song Hutchins, President/CEO  
Dr. Michael Hutchins Impact on Wildlife Fund  
Via email: [impactonwildlife@gmail.com](mailto:impactonwildlife@gmail.com)

Dear Song:

Thank you so much for the opportunity to present this one-page proposal for our koala corridors project in New South Wales. The project exemplifies IFAW's holistic approach to animal welfare and wildlife conservation. It is urgent and important work. Your generous gift of \$20,000 will make a significant difference for our commitment to koalas and to the many other species alongside them in the Australian landscape.

It is wonderful to reconnect with you and to remember Mike and celebrate his life and steadfast commitment to conservation and biodiversity. Please don't hesitate to contact me if you have additional questions about our work in Australia or the work ahead in Africa.

My colleague, Liz Fowler, is happy to assist with your gift. She too remembers Mike from her years serving on volunteer committees for the AZA.

We have staff coming into the office to pick up mail, so if you would direct your donation to our operations center in Massachusetts, using the enclosed gift form, that would be great.

With grateful thanks for connecting with IFAW and supporting our vision for a world where animals and people thrive together.

Sincerely,

A handwritten signature in dark ink that reads 'Kelvin Alie'. The signature is written in a cursive, flowing style.

Kelvin Alie, Executive VP  
Strategy, Programmes & Field Operations
